

KINGSBURY COUNTY

Highway Utility Boring Permit Application

To:

Kingsbury County Board of County Commissioners

Kingsbury County Courthouse

De Smet, South Dakota 57231

Applicant Information

Applicant: _____

Highway Number: _____

Section: _____

Township: _____

Range: _____

County: Kingsbury County, South Dakota

Proposed Installation Information

1. Intended Use

2. Outside Diameter of Tile or Casing

Installation Requirements

The applicant agrees that the proposed installation will comply with the following requirements:

1. All county road crossings shall be installed by boring only. Cutting or trenching through the roadway pavement is not permitted.
2. Water lines shall be installed inside an approved casing so the utility may be removed or repaired without disturbing the roadway subgrade or base. Casings shall also prevent water leakage that could erode or damage the roadway.
3. Casings shall be of adequate strength and sufficient length to extend eight (8) feet beyond each edge of the surfaced roadway.
4. The installation shall comply with the current National Electrical Safety Code (where applicable) and all applicable federal, state, and local regulations.

5. Appropriate warning signs and traffic control devices shall be installed whenever required during construction.
6. All disturbed ditches, shoulders, and other affected areas shall be restored to their original condition upon completion of the work.
7. The owner shall relocate or remove any buried utility installed under this permit, at no cost to Kingsbury County, whenever required due to future road construction or maintenance.
8. All buried cable shall have a minimum cover depth of 40 inches. All roadway crossings shall be installed by boring only. Trenching beneath county roadways is prohibited.
9. Kingsbury County assumes no responsibility for damage caused by or to other underground utilities.
10. The applicant shall be responsible for repairing any damage to the roadway, road surface, subgrade, shoulders, or drainage facilities resulting from the installation, operation, or maintenance of the utility.
11. Prior to any construction or maintenance activities, the applicant shall contact South Dakota One-Call to have existing underground facilities properly located.
